

Best Practice use of Covid-19 CRF Funds

1. Title of Program: Nonprofit Support
2. Description of Program:

Get Shift Done for Houston, a partner of the Houston Food Bank, received \$1.5 million from the COVID-19 recovery fund. The funds will pay unemployed or furloughed workers in the local hospitality industry to replace critical services that used to be provided by volunteers before the pandemic to help the food pantries by supplying and distributing food. The initiative not only helps get food to community food pantries, but it also provides income to workers who are currently unemployed.
